### Reflexology Offer

Reflexology is the application of specific pressures to reflex points in the feet. Based on the theory that the human body has its own internal energy lines (or acupuncture meridians) and that ill health can arise from an imbalance of energy, reflexology works to 'unblock' these imbalances by relaxing the body.

## 2012 Charity Fundraising

We are aiming to raise money throughout 2012 for Cancer Charities by running! We have been training on regular Wednesday nights through the rain and cold for 8 weeks already.... In June we shall start our race entries with Race for Life - a nice 5K in Aylesbury. We shall progress (some less enthusiastically than others), to various 10K runs, (with a little nagging from Karen), and eventually a half marathon for Sarah (despite her reluctance), and Karen. Throughout the year you will see various sponsor forms around the salon and linked to our salon facebook page, any sponsorship would be gratefully received at any time throughout the year..please!
